I did not see a response to your questions in my e-mail chain. I have been advised the demo will start at 9:00 and be done no later than 9:45AM, which would allow Tony and me to make it back for the monthly managers meeting on time. The demo will be done at [REDACTED] Tony is welcome to ride over with me.

You're welcome! Also, our HQ management from the General Counsel's Office is wanting to know if VSU could provide a description of what you plan to do during the demo. This way we can note to the [redacted] what the FBI's understanding is of what the demonstration will accomplish. We can then ask them to let us know if there are any specific topics they expect to be covered in the demonstration that are not reflected in our description. It will also give us a heads-up if there is more they expect and ensures they can't claim at the end of the demonstration that it wasn't what they really wanted. Please let me know. Thanks! - [redacted]

Hi [REDACTED]

[REDACTED] was able to secure an extension until [REDACTED]. The auditors will be conducting more case agent interviews next week and would like to have everything by then. [REDACTED] and I spoke and I will work on putting together a list of what we still are waiting for according to what we have received to-date. I will get that out to everyone as soon as it is finalized. Thanks! -- [REDACTED]

[redacted] is it possible to ask for a two week extension on the remaining data. We had a misunderstanding on our end over who was providing what information. We have it all cleared up now but it will take some time to get it together because a lot of the information is buried in the [redacted] files and the POC's for the program are out of the office next week. [redacted] and I can work on it but we will be starting from scratch. I believe if they are willing to extend the deadline then we can get them what they want.
